

# *Heartfelt* **CONNECTIONS** *A Memory Care Program®*

## Specialized Memory Support in a Welcoming Place to Call Home

For individuals with Alzheimer's disease and other forms of dementia, Canterbury-on-the-Lake provides a groundbreaking approach to memory care. Residents enjoy the life-enriching benefits of **Heartfelt CONNECTIONS – A Memory Care Program®** in the comfort and safety of The Meadows, an all-new, carefully designed memory care community. It's sure to make your loved one feel right at home.

## Canterbury-on-the-Lake Redefines Memory Care

With The Meadows at Canterbury-on-the-Lake, residents receive the care, respect, dignity, and quality of life they deserve. The specialized care provided by our compassionate caregivers means relief for loved ones facing the difficulties of memory loss and support and peace of mind for their families.

### **Caring for the Individual**

**Heartfelt CONNECTIONS – A Memory Care Program** focuses on the concept that what remains is far more important than what is lost. This emphasis on each resident's unique remaining abilities is the spirit, heart and soul of the heartfelt care.

### **A Personalized Approach to Care**

We use customized reminiscence tools to capture a lasting legacy of details about your loved one's family, friends, career and hobbies. Memories fade, but past relationships and experiences shape the quality of residents' lives every day. We apply the insights gained to individualize programming—personalizing activities for each resident to promote well-being, prolong daily functioning and maintain personal satisfaction.

### **Enriched Quality of Life**

At The Meadows, residents enjoy their own furnished apartments with private bathrooms and access to a large, secure courtyard and three-season porch facing our beautiful grounds. Each resident's unique needs will be met in an environment that encourages the individual to live life to the fullest—with meaning and purpose.
